

Language and Learning Community

English Language Learner Division

The English Language Learner Division is facilitating language-focused, interactive Google classrooms to provide assistance for all English language learners and families to maximize language development through distance education, and to support educators working with ELLs during school closures.

Language-Focused, Interactive Google Classrooms

Students and Families

bit.ly/classrooms4sandf

Provides students and families access to learning activities and resources for supporting students' learning during distance education, including:

- Sample daily schedules
- Daily activities to promote language development
- Parent/Guardian videos and Webinars discussing how to support students' language development in the home
- Social-emotional resources

Educators

bit.ly/classrooms4educators

Provides educators a platform to access resources for supporting students' learning during distance education, including:

- Content-specific supports
- Interactive opportunities for professional learning and coaching
- Virtual lesson planning support
